**RESPONSE TO REQUEST FOR CHANGE OF ADDRESS OR POWER OF ATTORNEY**

The enclosed request for change of address or power of attorney has not been made because it requests the information be changed for several applications. The request has not been processed and a copy of the request is enclosed. **An individual request, addressed to the individual application, is needed for each application.**

The Office strongly recommends the use of a Customer Number. When a Customer Number is established, the process of changing address and attorney information becomes simplified. Rather than changing several applications individually, the Customer Number updates can automatically update attorney and address information that is associated with the Customer Number, to be reflected in each application to which the Customer Number is associated. **When updating address information in multiple applications through the use of a Customer Number, the request must be directed to the Electronic Business Center.**

For more information about establishing a customer number, please contact the USPTO Electronic Business Center at (866) 217-9197. Application forms for a Customer Number are available on the UPSTO website at [www.uspto.gov](http://www.uspto.gov).
